

Who's On Campus: *Why* K-12 Schools Need Smarter Visitor Management

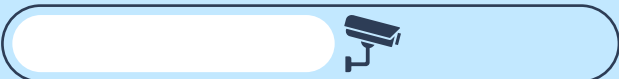

REASON NO.1

The Reality Of Campus Safety

Visitor Security Gaps Leave Schools Exposed

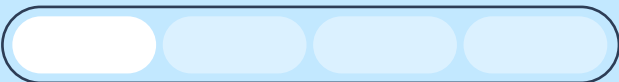

49% of schools still use alternatives to visitor management software like **paper sign-in sheets**

55% of schools are considering **upgrading how they manage guests** on campus due to security

43% of schools have not installed an entrance vestibule, **increasing risk** to student safety

1/4 administrators say they **don't know the effectiveness** of their security measures

! Manual Systems = Delayed Responses + High Risk

REASON NO.3

Measurable Impact

What Schools Gain From Digital

40%
Faster Check-In Times

99%
Accuracy In Visitor Tracking

25%
Reduction In Unauthorized Access Incidents

3X
More Parent Trust In Safety Protocols

REASON NO.2

The Digital Difference

How Digital Visitor Management Makes Campuses Safer

- ✓ Real-Time Sex Offender Checks
- ✓ Instant Staff Alerts
- ✓ Centralized Visitor Logs
- ✓ Custom Access Levels (e.g. Contractors, Parents, Guests)

Scan in, get cleared, enter securely – in under 10 seconds.

REASON NO.4

Safety Beyond Front Offices

Integrated Systems = Smarter School Safety

Syncs with Student Information Systems (SIS)

Connects with emergency management tools (panic buttons, etc)

Tracks visitors, VIP guests, and late arrivals – automatically

Protect What Matters Most. Upgrade Your Visitor Management Today/
