

# The "I Love U Guys" Foundation *with* Pikmykid

BRINGING CLARITY & CONFIDENCE FROM DAILY DISMISSAL TO EMERGENCY REUNIFICATION

## Why Reunification Matters

During a school crisis, chaos is the enemy. Without a clear, practiced reunification process in collaboration with partner agencies, schools risk delays, frustration & unsafe student release. The **Standard Reunification Method** provides school & district safety teams *proven methods* for planning, practicing & achieving a successful reunification.

## What This Partnership Delivers

### ALIGNED WITH THE STANDARD REUNIFICATION METHOD

Pikmykid's reunification system fully supports the "I Love U Guys" Foundation SRM recommendations for Daily Release, Controlled Release & Reunification, ensuring a calm, controlled, accountable release of students to authorized guardians.

### REAL-TIME PARENT / GUARDIAN VERIFICATION

Verifying a person's authority is essential to ensure students are not released to unauthorized or non-custodial individuals. Digital check-in reduces reliance on manual processes & minimizes human error.

### STATUS TRACKING & COMMUNICATION

Parents & staff receive live updates on reunification locations, procedures, and student status.

### DIGITAL RECORDS & REPORTING

Capture every handoff with secure, timestamped records for full audit trails & compliance.

### SEAMLESS INTEGRATION WITH STANDARD RESPONSE PROTOCOLS

A uniform, planned & practiced response to any incident is the foundation of a safe school. Pikmykid easily integrates with your school's existing safety protocols for consistent response & provides tools to keep everyone on the same page during an incident.

### POWERED BY PURPOSE

Pikmykid brings the technology. "I Love U Guys" brings the methodology. Together, we help schools transform reunification from reactive to reliable.

### FROM CHAOS TO CONTROL

There's no greater part of our role than to make sure we're safeguarding every child & staff member.
